

We love to Reduce, Reuse and Recycle!

Dorchester Ballet & Dance has a proud history of refashioning and reusing dance costumes, thereby keeping costs down for our members and reducing our consumption of new materials.

We're now taking this ethos to our caretaking by using sustainable bamboo loo rolls from Naked Sprout, Portland, and refilling cleaning supplies using facilities at Down To Earth in Dorchester.

We want these please!

- Facial wipes packaging
- Mascaras
- Lipsticks and lip balms
- Eye shadow compact
- Bronzer or highlighter stick for lips and cheeks
- Plastic moisturiser tubes
- Metallic plastic ointment tubes

We're an active participant in the Terracycling scheme and are collecting the items opposite for upcycling and to raise funds for our dance school.

If you use any of these items, please help by dropping your empties to the collection bins in our porch at **Poundbury West Estate, Poundbury Road, DT1 2PG.**

For a quick reminder of what we collect please see the "Accepted Waste" poster.

PLEASE DON'T DROP OFF ANYTHING THAT ISN'T ON THE ACCEPTED WASTE POSTER - WE WON'T BE ABLE TO RECYCLE IT AND MAY HAVE TO PAY TO HAVE IT DISPOSED OF

We also separate our waste inside the studio which enables us to save snack wrappers and stationery items from landfill by upcycling them through another Terracycle partner, Damers School, including:

- Chocolate wrappers & crisp packets
- Biscuit packaging
- Felt tips and biro's
- Tippex bottles and mice

And much more! Search for the Terracycle website to find out how you can take part and reduce your waste to landfill too.
