

IMPORTANT ANNOUNCEMENT - Coronavirus

Dorchester Ballet and Dance will still be open for classes for as long as we are able to, but we have made the decision to cancel all adult classes for the moment.

However from today, Tuesday the 17th March we would like to:

- ♦ Ask all parents to drop the students off and not come into the building, this will eliminate the amount of public traffic in the studio and changing rooms.
- ♦ Children will be taken to wash their hands and then into their class, once finished they will be returned to the front door ready for parents to collect.
- ♦ Please can everyone bring their own water bottle.

We hope you will all understand us taking this action to minimise the spread at much as possible during this difficult time.

If anything changes we will be sure to advise you as soon as we can.

Can we remind anyone who has symptoms of covid-19 to not attend classes and to notify Nikki by email clubadmin@dancedorchester.org if you have developed symptoms.

We are continuing to increase our cleaning at the studio to allow us to continue classes for as long as possible while schools remain open.

Thank you and please stay safe
